EDUCATION

K.P.B Group of Hinduja College, YCMOU, Nashik University <i>Bachelor of Computer Application - (BCA)</i>	CGPA: 7.13 Aug. 2021 – July 2024
Shankar Narayan College of Arts and Commerce <i>Higher Secondary Certificate (HSC)</i>	Percentage, 85 Aug. 2019 – June 2021

EXPERIENCE

MERN Stack Developer <i>Tellis Technology</i> - Developing scalable web and mobile applications using React and React Native, focusing on cross-platform performance and UI/UX consistency. - Leveraging AI tools like Claude and Anti-Gravity to accelerate debugging, code architecture, and end-to-end feature delivery.	Nov. 2025 – Present <i>Remote</i>
Web Developer <i>Nexus Nova Technology Pvt. Ltd.</i> - Engineered and maintained a diverse portfolio of creative websites and complex admin panels, including the high-profile platform baagbaanayat.com. - Managed end-to-end development of numerous client projects, delivering pixel-perfect UI and robust backend logic using React, Tailwind CSS, and Firebase.	May 2025 – Oct. 2025 <i>Remote</i>
Open Source Contributor <i>UPES Open Community</i> - Contributed to global projects by resolving critical bugs and enhancing feature documentation via structured GitHub workflows. - Earned selection into the OSOC Website Team based on high-quality code contributions and successful peer-reviewed PRs.	Jul. 2025 – Jul. 2025 <i>Remote</i>
Data Quality Assurance Intern <i>ProDocs Solutions Pvt Ltd</i> - Ensured 100% data accuracy through rigorous final-stage verification protocols, significantly reducing manual entry errors. - Collaborated with internal teams to streamline documentation workflows and maintain high standards of data integrity.	Mar. 2023 – Mar. 2024 <i>Mumbai, India</i>

PROJECTS

Challenger Sphere Live Link <i>MERN Stack, Education Platform</i> - Engineered a MERN-based study platform featuring premium handwritten notes and PYQs for students. - Implemented a searchable content delivery system with high-performance UI and optimized navigation.	Oct 2025
Personal Portfolio Live Link <i>React, Tailwind CSS, GSAP</i> - Developed a centralized hub showcasing all professional projects, technical skills, and hackathon achievements. - Integrated a responsive UI to provide a seamless user experience across all devices.	Aug 2025
COSC Hackweek <i>Global Rank 51 out of 500+ Participants</i> - Ranked 51/500+ globally by developing 4+ full-stack apps (Weather, Dictionary, etc.) in a 7-day solo sprint. - Utilized Node.js, Chart.js, and real-time APIs to build data-driven solutions under tight deadlines.	June 2025

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3
Frontend & Mobile: React, React Native, Tailwind CSS, GSAP, Framer Motion, SCSS, EJS
Backend & Database: Node.js, Express.js, MongoDB, Firebase (Auth, Firestore), Nodemailer
AI-Assisted Dev: Claude AI, Anti-Gravity (AI-driven workflow), Prompt Engineering
Core Competencies: RESTful APIs, CRUD Operations, Authentication, Role-based Access Control
Tools & Deployment: Git, GitHub, Vercel, Render, Postman, VS Code
